

Let's link together closely.

Characteristics

1. Portable style with perfect shape.
2. The mouth of the press-pliers is made of magnanic steel, which is hard and durable.
3. It won't damage the shelled-wire and works conveniently with high efficiency.
4. While using press-pliers, just insert the crystal top into its position and press it.

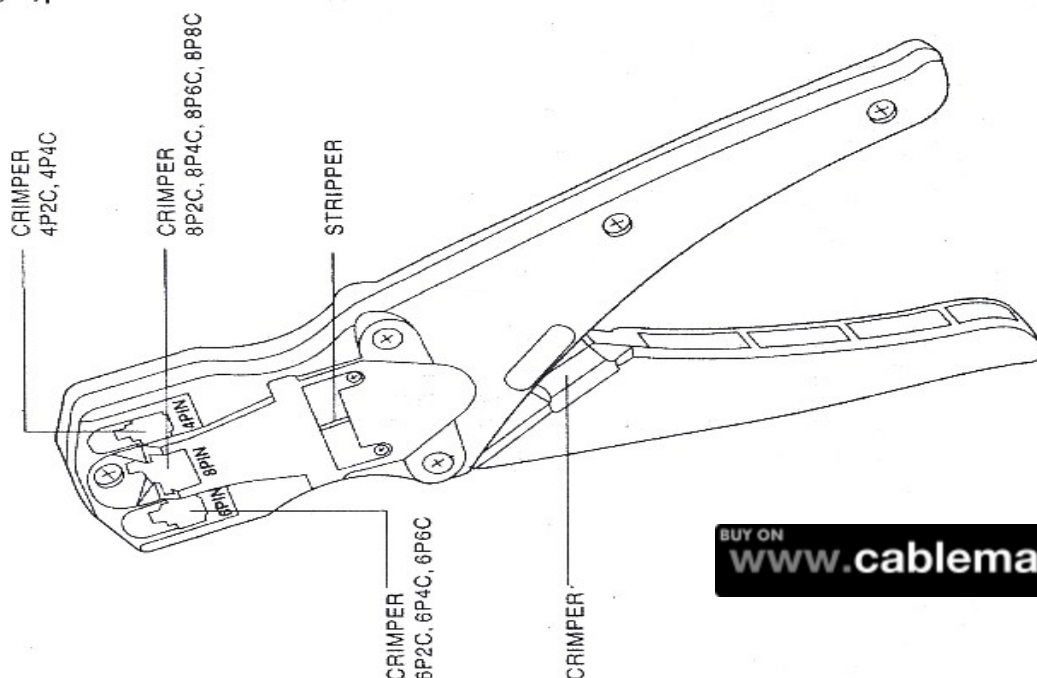

MULTI-FUNCTION TELEPHONE TOOL CRIMPS

INSTRUCTIONS:

1. Insert the cable between the stripper blades. Squeeze the handles, and pull the tool, the outer insulation of the cable will be removed without damaging the insulation of the inner conductors.
2. Put the modular plug in correct place and gold contacts of the plug under, then insert the cable into the plug. Squeeze the handles firmly to set the contacts and secure the cable.
